2018-2019 Career Development Grant Recipient, Kathleen Riola

My name is Kathleen Riola and I am one of the recipients for the 2018-2019 Career Development Grant. I was raised in Kern County and later moved to Orange County for my undergraduate studies. I graduated in 2013 with my Bachelor's degree in Biomedical Engineering from UCI. After graduation, I began working as an Engineer for medical device manufacturers. The most rewarding experience of being an Engineer for the healthcare sector has been seeing how these devices have monitored, restored, and improved our customer's health. Continuous education, training, and certifications are required for Engineers working in this ever dynamic and highly regulated industry. In 2017, I entered into the Engineering Master's program at UCLA with a focus on Manufacturing and Design. Thanks to the financial aid from this grant, I was able to complete my degree this past June. The journey of working full time and going to school has not been an easy one and has made me more aware of the importance of mental health. Anxiety management in the work place is a topic that does not get enough focus. Each individual at some point in their work will experience stress and some level of anxiety. Knowing how to handle stressful situations and how to manage anxiety is important in maintaining a healthy work environment as well as an individual's personal health. For this presentation, I would like to take a closer look into this topic and discuss potential resources to help manage anxiety.

Presidents' Message

Dear AAUW friends, welcome back!

Summer will soon gradually transition into fall. It has been a comparatively cool summer, making outings and events pleasant. Hopefully, you have had a restful and refreshing season. That said, with fall upon us, your officers of AAUW have begun planning informative and thought provoking programs, events and speakers for a new year. 2020 marks the 100th year anniversary of women getting the right to vote; an important milestone for achieving that equality we continue to strive for.

An opportunity happening very soon is the AAUW Fund luncheon. This a chance for us to hear from recipients who will pursue academic work and lead innovative community projects to empower women and girls. There are 30 Fellows and Grant recipients studying in California. All of you are welcome. For 130 years, AAUW has been a leading source of funding for graduate women, providing more that \$115 million in fellowships and grants to more than 13,000 women and non-profit organizations in the United States and around the world. For this year (2019-2020), AAUW is excited to announce 259 awards and \$4 million in funding for fellows and grantees in this award year! Thanks for all of your participation in making this happen.

To catch up on legislation which AAUW supported, we began 2018-19 with 43 bills. Twelve of our bills became law. These laws address: employment practices that relate to sexual harassment and/or discrimination; equal pay; whistleblower protection; legal treatment of cases of discrimination and sexual assault; sex health education for students and lactation accommodation for students. Further information is available on the AAUW website under "Bill Tracking."

So, you can see that AAUW is alive and well with women and girls' issues. Stay involved. There are many new events and programs for you to take part in. Hopefully you will take advantage of them.

MARK YOUR CALENDARS FOR OCTOBER QUEST

On Thursday, **October 10** we will have a docent tour at Muzeo in Anaheim. The exhibit is Japanese Incarceration in a Time of Fear. The tour will begin at 10 a.m. and walk lunch afterwards to nearby Anaheim Packing House; one of the last remaining citrus packing warehouses, which has been historically preserved and retrofitted as one of the great original American food halls.

Carpool details and ticket prices will be shared in next newsletter and at the September general meeting.
