October General Meeting Program Introducing New Members to Our Branch Tech Trek Students Panel Discussion

We encourage everyone to bring a friend to our October meeting. We will be telling about AAUW as a national and state organization and introducing the focus and unique interest groups of our local branch. Guests will be treated to lunch and, those who join at the meeting, will receive half off the national dues.

One of our special projects is the sponsorship of middle school students to the Tech Trek summer program. Each year our branch sponsors as many as six students for this amazing opportunity. Our Westminster Branch sent three girls this summer to Whittier College. Sofi Dam, Xiara Alvarez, and Eymar Yazgae will be participating in a panel discussion at the October meeting talking about their experiences at Tech Trek. You'll hear about the exciting science projects as well as how they enjoyed making new friends and living the dorm life.

Tech Trek is an AAUW sponsored STEM enrichment program that started at Stanford University in 1998 as a weeklong summer camp. It offers girls entering 8th grade a once-in-a-lifetime opportunity to explore the world of science, technology, engineering, and math, and possibly imagine a future for themselves in the field. The students spend the entire week living in the dorms on a college campus and participating in hands-on science lessons.

October President's Message

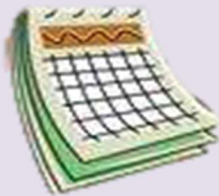

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has." Margaret Meed

The calendar says it is Fall but in Southern California we have a tendency to have lingering summer weather. Many of you may be from other areas of the country and have seen thousands of trees turn brilliant colors; here we get excited if we see one or two turn the colors of autumn!

Lisa and I, and several other members, are continuing to encourage new membership and are investigating new, extended ideas on fundraising. Meanwhile, we invite your friends to attend our events to experience our thrust toward equality for women and girls, especially in the technology field.

We welcome you to our next meeting when you will meet our wonderful Tech Trek girls from this summer. They will be asked a few questions about their lives and their experiences at Whittier College. They are always a delight. Lisa had the pleasure of attending the full week of Tech Trek again and is looking forward to sharing this years' experience.

Membership Matters

Our October meeting is specifically designed to introduce AAUW to prospective members, so reach out to those around you who might be interested. Let us know you are bringing a guest – they will receive a free lunch!

We'll talk about the national and state organizations of AAUW as well as the interest groups and philanthropic interests of our local branch. AND we will hear from this year's Tech Trek camp attendees – our mission in action!

Women who sign up at the meeting will get a 50% reduction in national dues.

National AAUW dues (less 50%)	\$37.00
California AAUW dues	\$30.00
WM-FV-HB Branch dues	\$18.00
TOTAL	\$85.00

Thank You from our Tech Trek Students

Thank You Westminster

Hello, my name is Xiara Alvarez. Thank you Westminster for having sponsored my attendance at AAUW Tech Trek stem camp on the 15th to the 21st. I was in seventh grade at Warner Middle School in Westminster. At camp I was very excited to learn about anatomy. I was inspired by my JC Sam since she was fun. Tech has made me more aware of different body parts. My Tech Trek experience has inspired me to study animal anatomy so that I can become a veterinarian. Thank you for having given me this unique experience and opportunity. Sincerely, Xiara Alvarez

Dear AAUW Westminster

Thank you so much for this opportunity to go to Tech Trek. I've enjoyed my time at camp and made many new friends. I learned lots of new things. From dissecting a cow eye, touching a sheep brain, to making a Goldberg machine with friends. I really enjoyed all guest speakers that told us about their careers in stem, which inspired me a lot. I am truly grateful for you sending me! Sincerely, Sofi Dam from Warner Middle School

Dear Westminster AAUW Branch,

I would like to thank you guys for this awesome Tech Trek camp. This was such an experience not many people could have. I appreciate you guys for all that you've done and paid off for. A few things I loved this week were the cadaver lab we went to as a field trip, my neuroscience core class, and finally, the scavenger hunt. After all, everything was truly great and I feel so honored! Thanks. Eymar Yazgar

HAPPY HIKERS

October 2, 2025 Crystal Cove State Park 10:00am

Hi all - since I had to cancel the September hike, we will be trying Crystal Cove again in October. We will be exploring the tide pools and renovated cottages on this lovely beach walk. We will meet at 10:00am in the parking lot at Los Trancos off Pacific Coast Highway. There is a charge for parking so you may want to carpool. Afterwards, we will have lunch at the Beachcomber Café. Please let me know if you are coming and if you need a ride at ralphkaj@aol.com. See you there!

Ann Kajdasz

Norma Mendoza of CASA OC shared at our September meeting how CASA volunteers provide a vital link between children in care, social workers, and the justice system.

PUBLIC POLICY

Investing in Our Democratic Future: Non-Partisan Voter Education Around Proposition 50 in California

By Sue Miller, Member AAUW California Public Policy Committee

We are currently seeing and experiencing creeping authoritarian efforts to undermine fair representation, trusted information, and democratic norms in our country. This unprecedented condition, paired with overwhelming federal encroachment, presents a significant threat to many of the things that we care about, including AAUW's mission of advancing equity for women and girls: although California continues to maintain strong protections for women and girls, marginalized peoples, free speech, accurate history, sound science, and democratic norms, we are still subject to the laws, rules, and enforcement actions of the federal government. As such, as part of this year's GOTV campaign, AAUW California will be taking a proactive position on Proposition 50.

The approval of [Proposition 50](#) by California voters in November 2025 will approve redistricting efforts in California for the next election cycles (until maps are redrawn after the next census in 2030). With the passage of Proposition 50, we will experience a short-term loss of state democratic and people-centered control of an important aspect of democracy: redistricting. This effort will also seemingly have partisan benefits.

However, a short term loss of people-centered redistricting can also be seen as an investment in a democratic future in the long term, one in which we can have more, not less, of the will of the people recognized - all of the people, regardless of who they are. Furthermore, partisanship may be seen as a reductive label when the choice has become one of supporting authoritarianism or preserving functional democracy.

Redistricting should be in the hands of the people. Gender equity should be a consistent priority so that the dreams of a pluralistic democracy are one step closer to being realized. None of this is possible if our state is operating in a federal system in which democracy is no longer functional, listing instead toward an authoritarian system that puts troops in our streets, that censors our speech, that erases historical facts, that does not rely on sound science in decision-making, that directly endangers the wellbeing of women and girls, and that dehumanizes important and valued members of our communities.

Our goal in this campaign is to provide reliable information as a trusted resource to voters in California, and the wider public, about the potential ramifications and potential benefits of Proposition 50's passage and dispel misinformation about partisanship and redistricting in this political moment. We will also encourage and assist voters to go to the polls for this special election to vote as individuals on whether the proposed redistricting should be approved. Providing this encouragement to get out and vote and information about Proposition 50, including about potential benefits, is acting in alignment with our mission and our nonpartisan commitments, as we are advancing a pro-democracy message: we seek to support any and all efforts to preserve and advance democracy and our public policy priorities in the face of a growing authoritarian threat.

Let's all join in working together to advance our public policy priorities in moving California forward.

**NEW FALL FUNDRAISER !
DON'T MISS THIS**

When was the last time you got something worth \$800.00 for a mere \$30.00 ? Well, that's exactly what you'll get with this raffle: An entire week at a vacation home of your choice with an \$800.00 value, for the cost of a \$30.00 raffle ticket!

The winner can use the week or give it to family or friend as a great holiday gift. You even get to choose any week you want in 2026. The more tickets you buy, the greater your chances, but even one ticket can win! (If we sell enough tickets, we might even hold two drawings!)

This is a win-win for everyone, because since there is zero overhead, every penny will go directly to our own branch's local Scholarship and Tech Trek funds equally.

It's so easy - just follow these steps:

1. Read the two vacation house descriptions below;
2. Fill out the form attached, stating how many tickets you want for each house;
3. Write a check to our AAUW Branch, totaling \$30.00 per ticket;
4. Mail form and check to Kathi Rand at 306 Coral Reef Dr., #53, HB 92648, before November 1.

The big drawing will be held at our regular November general meeting on Saturday, November 15. We'll contact you if you win, but aren't at the meeting. Let's make this fundraiser a big success. In fact, this is going to be so fun and easy, we might call it the Annual Fall Fun-raiser. Send any questions to the Fundraising Committee, by texting (714) 715-9789.
